ACKNOWLEDGEMENTS

We are filled up with humbleness and gratefulness to acknowledge our depth to all those who have helped us to put these ideas.

*We would like to express our special thanks of gratitude to **Dr. Nadarajan** professor and head, department of Applied Mathematics and Computational Sciences and our Tutor **Ms. Suganthi S D** as well as our Database Design madam **Mrs. Kasthuri Bai M** who gave us the golden opportunity to do this colourful project on **Travel Management system** . we would also like to thank our parents and friends who helped us a lot in completing this project within time.*

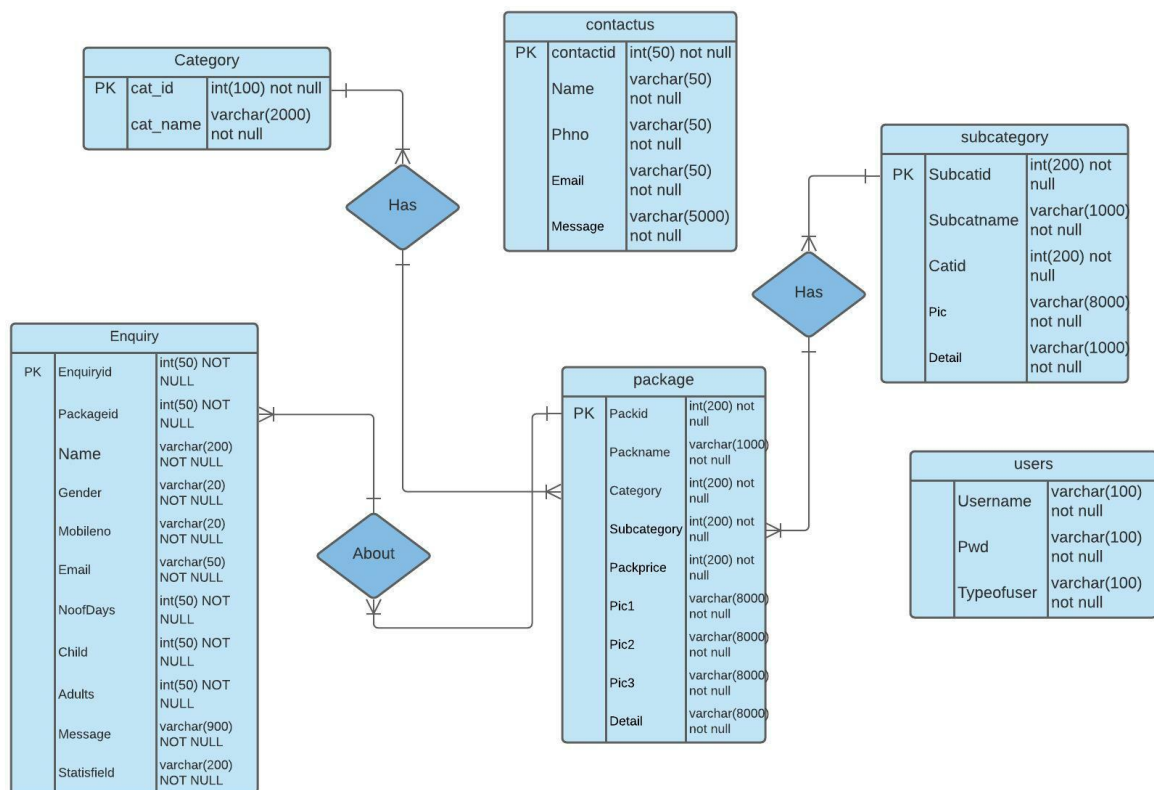

ABSTRACT

On day to day basis we understand that how complicated for service providers to deal with variety of challenges comes in travel industry.

That's why We come with best Travel Management System which have comprehensive Travel Management System with user-friendly, feature-enriched, and flexible platform

We used CSS, PHP,MYSQL to develop this travel website .
